

Communication and Language

During all sessions we will try to answer 'how' and 'why' in response to stories and events. We will also talk about and explain reasons for actions, events, activities; explain their ideas giving reasons in different context. We will use language of stories to imagine and recreate ideas.

Physical development

In P.E sessions we will recreate the bear stories we have read using movement and action. We will also create and complete bear assault courses.

Handwriting: We will focus on building strength and control. We will use 'Dough Gym' and the outdoor equipment to bend, flex and rotate our fingers, elbows and wrist to help us control our pencils more effectively.

Expressive Arts and Design

This half term we will learn to sing and perform a range of bear songs using musical instruments.

We will also construct puppets, masks and props from our bear stories using a range of different materials and joining techniques.

Bears EYFS Spring 1

Literacy

This half term we will continue to write and read a range of vc, cvc and ccvc words. We will continue to learn a range of high frequency words.

We will try to predict different storylines. Then we will learn how to sequence a story.

We will try to compose and write simple sentences independently. We will learn more about finger spaces between words and full stops.

Mathematics

This half term we will learn how to represent numbers in different ways. We will compare numbers, quantities and measures. We will learn about division and equality. We will also start to learn our number bonds to ten.

Personal, Social and Emotional Development

This half term we will be focusing on our behaviour for learning and how we should feel proud of our achievements. We will talk about what we are doing and why. We will share our ideas and interests with others and feel proud of our work and achievements.

R.E

This half term we will learn more about the nativity. We will spend time finding out about the Epiphany. We learn more about Jesus' life and what he asks of us.

Understanding the World

Computing: We will learn how to use the iPads to make movies and to access learning apps. We will use laptops to access Purplemash learning activities.

Understanding the World: We will learn about how objects and materials change when we add heat or remove heat. We will talk about what we notice and observe.

We will learn about mapping. We will learn about the features of different places. We will learn to read and create maps.
